OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

1

No 6060/331

Bangalore 21st November *1913*

From

M SHAMA RAO Esq MA
Inspector General of Education in Mysore

To

C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness the
Maharaja of Mysore Departments of Education & Agriculture

SIR

I have the honour to submit herewith a statement showing the amounts sanctioned for Initial Equipments of the Chamarajendra Technical Institute Mysore and the Mechanical Engineering School Bangalore the amount spent up to the end of October last and the amount still required for expenditure Out of the sanctioned grant of Rs 31 000/- for the Chamarajendra Technical Institute a sum of Rs 14 981-10-9 was spent in June last and Rs 2 791-5-0 from July to October 1913 The amount still required for expenditure is Rs 13 297-0-3 but only Rs 12 778-11-0 is available out of Rs Rs 15 500/- reprovided in the current year's budget For the Mechanical Engineering School a sum of Rs 5 407-2-6 was spent up to 30th June last (including Rs 2 196/- for buildings) and Rs 2,321-10-2 from July to the end of October 1913 The amount still required

2

required for expenditure is Rs 21,405-3-4 but only Rs.12,123-5-10 is available out of Rs 14,445/- reprovided in the current year's budget The total amount, therefore, required for both the Schools over and above the budget provision is Rs 9,800/- --This difference was owing to the fact that the estimate for the building of the Mechanical Engineering School was subsequently raised from Rs 10,899 to Rs 15,984 and that a portion of grant reserved last year for purchasing machinery,tools &c , was left unspent for want of time

2 I submit another statement showing the amount of savings in the sanctioned items of the current year's budget for the Chamarajendra Technical Institute, Mysore As some of the Instructors and teachers of the Commercial Section have not yet been appointed, as the full amount of scholarships provided for in the budget is not required and as the old scale of establishment continued till the end of October 1913, there will be a saving of over Rs 10,000

3 As a sum of Rs 9,800/- is required to make up the deficiency in the current year's grants for Buildings and initial equipments, I beg to propose that Government may be pleased to sanction the excess out of the savings pointed out I also request that Government may be pleased to approve of the enclosed statement of expenditure under different items of the initial equipments The favour of very early orders of Government is requested in the matter as the Comptroller may not allow the charges in the absence of the

Government

3

Government order sanctioning the details of expenditure

I have the honour to be

Sir

Your most obedient servant

Inspector General
